

Notice Regarding End of Inclusion of Duct Hoses, Duct Cuffs, and Pipe Bands as Standard Accessories

Introduction

At present, duct hoses, duct cuffs, and pipe bands are standard accessories which are provided with machines regardless of whether customers want them or not.

As a result, some cases have been observed in which customers discard these parts without having used them.

In light of these circumstances, we will gradually make a change so that customers will be able to select only the parts they need based on their usage environment, thereby reducing manufacturing and shipment of unnecessary parts in the future.

This measure is for the purpose of reducing CO₂ emissions. Thank you for your understanding and cooperation.

Applicable models

All the models

Parts that will not be included as standard accessories in the future

Duct hoses, duct cuffs, pipe bands

If you want to continue using duct hoses, duct cuffs, and pipe bands provided by DISCO, please select them as optional accessories.

Inquiries

Please contact your local DISCO sales representative or DISCO customer engineer if you have any questions regarding this matter.
